While dancing Chikni Chameli, Kajol finally gets to unleash the magnificent attitude that she has been hiding for so long. The song is a slow, romantic ballad with the house party setting. Kajol refuses to dance in a night club with her long legs and asks her dancing partner to take her home. Then the dynamics of her performances come out on the screen giving a new meaning to the phrase, Ya kuch toh hai (something is there). Its not an overstatement to say that to make a hit, you have to carry at least one of these things, love, dance, prank. But what makes Chikni Chameli stick in our ears is the fact that after both of these went wrong, a musical score was used to bring back the couple. It was only because of the music that the fragile emotional bond between the lovers was revived. SHREYA GHOSAL Shreya Ghosal's 'Chikni Chameli' has set the romantic flick Agneepath on a runaway course. It is now going to be one hell of a race between the two to be the main attraction of all the parties. A heavy hearted Amit Amritanandamay be visible on his face and is not even comfortable to share any information on the Mumbai cops hunt for Chikni Chameli, whos life has become a life threat with the courier blackmailers sitting in his pocket as he is the managing director of Dharma Productions. Making a comeback with another hit film like Agneepath will take a new turn in his life, if the cops can nab the miscreants who are trying to extort money from him, says Amrita. Chikni Chameli has now been remixed and remastered by composer Ajay and released in the backdrop of modern western culture. Its a new concept and our partnership on this project was worth bearing, says Ajay.
